Research Committee Meeting  
Tuesday, April 7, 2011  
3:30 PM – 4:15 PM  
Room 200, SC  
Minutes

Members present: Mohammad Tabatabai, Ann Nalley, Justin D Walton, Dennis Frisby, Frankie White, P. K. Das and Anton Wohlers
Members not present: Ryaichi Nakahara (student) and Jake McClellan (student).

A. Approval of previous meeting’s minutes

B. Deliberation/recommendation on Michael Husak’s proposal:
*Individual and Habitat Correlates of Extra-Pair Paternity in the Socially Monogamous Scissor-Tailed Flycatcher (Tyrannus Forficatus) in Southwestern Oklahoma*

The committee commended the quality of the proposed work, involvement of students in the research and potential significance of the data to an upcoming NSF proposal. The proposal was unanimously recommended for funding.

C. Any other item or discussion?
Tony Wohlers made it known that the research grant proposals, namely those by Labe, Eby, Stegmaier, and McDonald, that have been recommended by the committee have been approved for funding.

D. Next meeting: Left open

E. Adjourn: 4:15 PM
