GENERAL EDUCATION COMMITTEE

Date: September 26, 2014
Time: 12:30-1:30 PM
Location: Cetes 207

Committee Members:

Agenda

1. Approval of missing Minutes from September 13, 2013.

4. In AY 2012-13, it was decided that courses from which no general education data had been collected for 5 years would be reviewed in Spring 2015. An announcement will come from the Vice President for Academic Affairs.

5. Assignments for working with departments on general education assessment.

6. The IDEA report that was discussed at the last meeting will no longer be provided. The NSSE covers the diversity, critical thinking, ethics, problem solving and communication general education outcomes. It does not cover information literacy, aesthetics, or wellness. Do we want to purchase another survey or create one in-house for these three outcomes, or for all eight?

7. The request to remove the prerequisite of “one year of high school algebra or or equivalent” for PSCI 1054 was approved by the committee via email vote.

8. The request to change the prerequisite from “MATH 1613 or 1715” to “MATH 1613 or higher” in PHYS 1115 was not resolved via email and needs further discussion and a vote.

9. Request to change Course Description for ECON 2013.

10. Dept. of English and Foreign Languages Information Literacy Assessment.

11. Any other business.

12. Next meeting time: October 31 at 12:30 pm.
