Curr3/1

Cameron University Curriculum Committee
March 1st, 2001

Attendees: members:
Teresa Ayres
Dan Ford
Rebecca Pazoureck
Mary Penick

Barbara Pickthorn
Kenneth Solstad
Tom Sutherlin

The committee meeting for AY 2000-2001 was called to order at 3:30 by chair Mary Penick on Thursday March 1st in South Shepler #402.

Old Business:
1.0 The meeting minutes of February 8th, 2001 were approved and accepted.

New Business:
1.0 The request to modify a course description in the department of Biological Sciences, BIOL 1005 (General Biology), concerning an internet version of the course was discussed and decided that it could not be acted on until the committee found out if it was passed by the General Education committee. The committee decided to have an electronic poll by email pending the approval from the General Education committee. This motion was made and approved by all.

2.0 The department of Agriculture had two request to modify courses, Hort 2101 (Horticultural Science) and Hort 3115 (Identification and Use of Ornamental Plants). There was some confusion on the course prefix. A motion was made to return the request for clarification. The motion was seconded and approved by all.

3.0 The meeting was adjourned at 4:25 p.m. with the next meeting being on call.

Respectfully,

Teresa Ayres
