The meeting was called to order at 3:30 p.m. by Dr. John Orr

MINUTES:
The minutes from March 6, 2001 were approved as written.

OLD BUSINESS:

NISOD: Action had been tabled in March due to the small number of applicants for the conference. A second call for applicants brought the total number to nine, representing a wide cross-section of campus. A motion to recommend raising the original funding level to cover all nine applicants was made and seconded. It passed by a 6-0 vote.

Tabatabai: Action on this matter had also been tabled in March to allow Dr. T to come to the meeting and explain the details of his project. After Dr. T answered questions on his project, the discussion shifted to whether to fund Dr. T to get a desktop license, ro to spend extra money to get a license allowing CU to put the software on the server for access by the NCR 5100 mainframe computer. (Use your computer background to check the orange words and ensure they make sense) The original motion was approved as is, with funds for two copies of items two and three, with the option to upgrade the purchase to software which could be put on the server and accessed through the NCR 5100.

NEW BUSINESS: None.

NEXT MEETING: To be announced; this was the last regular meeting of the 2000-2001 school year.

ADJOURNED: 4:25 p.m.
