B. Questions about which programs would be offering Associates Degrees in a Junior college – Education and Business.

C. Discussion and agreement on opening meetings to all interested faculty.

D. On-Line Courses
   Sullivan discussed a hand-out covering the aspects of the Title III application and its relevance to Cameron's development of on-line courses and degrees. Sullivan is writing the grant for Title II funds, and a draft will be completed in December. The final draft is due in February, 2001. Funds from a Title III grant would assist in developing and maintaining on-line courses for five years. The grant will be awarded in July of 2001.
   Sullivan also mentioned that Ft. Sill has contracted exclusively with Cameron for an Associates degree program on-line by the end of 2001.
