2024 COMBINED ANNUAL SECURITY REPORT & FIRE SAFETY REPORT

Introduction

This report is provided in compliance with the Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act, as amended. It provides students and employees of Cameron University ("University" or "CU") with information on the University's security arrangements, policies and procedures; programs that provide education on such things as drug and alcohol abuse, awareness of various kinds of sex offenses, and the prevention of crime generally; and procedures the University will take to notify the campus community in the event of an emergency. Its purpose is to provide students and employees with information that will help them make informed decisions relating to their own safety and the safety of others.

Policy for Preparing the Annual Report

This report is prepared by the Vice President for Academic Affairs, with assistance from the Environmental Health and Safety Office, and the Office of Public Safety in cooperation with local law enforcement authorities and includes information provided by them as well as by the University's campus security authorities and various other elements of the University. Each year an e-mail notification is made to all enrolled students and employees that provides the website link to access this report. Prospective students and employees are also notified of the report's availability. Hard copies of the report may also be obtained at no cost by contacting the Office of Academic Affairs, Administration 250, 2800 W. Gore Blvd., Lawton, OK 73505. The University is committed to taking the actions necessary to provide a safe and secure working/learning environment for all students and staff. As a member of the campus community, you can feel safe and comfortable knowing that security procedures are in place that represent best practices in the field, and are constantly tested and re-evaluated for their effectiveness.

General Safety and Security Policies

Campus Security Personnel & Relationship with Local Law Enforcement

The Office of Public Safety is responsible for the Lawton campus safety.

The Cameron University Office of Public Safety Police Department (OPS) is the primary law enforcement agency having jurisdiction on the Lawton campus. The Office of Public Safety's authority is conveyed by the commission granted to each officer by the Board of Regents of the University of Oklahoma under the authority of the Oklahoma Campus Security Act, 74 O.S. §§ 360.15 et seq. Officers are empowered to act within the City of Lawton per the Law Enforcement Services Agreement between the City of Lawton and Cameron University. The agreement outlines joint jurisdiction and mutual aid as well as joint support during manmade and natural disasters.

Officers are commissioned and sworn peace officers as authorized by state law, and have full law enforcement authority and arrest powers. The Office of Public Safety employs State (C.L.E.E.T.) certified police officers who are on patrol 24 hours a day, 365 days a year. Officers patrol the Lawton campus on foot, in specialized vehicles and standard marked police sedans. Requests for services are assigned and responded to on a priority basis, with

emergencies receiving immediate attention. All other requests for service or assistance receive attention as soon as possible based on the apparent or reported urgency of the circumstances.

The Duncan Police Department is responsible for the Duncan Campus Safety. The Duncan Police Department is made up of several sections with patrol, investigations, and administration as its major divisions.

Campus Security Authorities

The University has designated certain officials to serve as campus security authorities. Reports of criminal activity can be made to these officials. They in turn will ensure that the crimes are reported for collection as part of the University's annual report of crime statistics. The campus security authorities to whom the University would prefer that crimes be reported are listed below.

- Athletic Director at 580-581-2302
- Athletic Coaches at 580-581-2302
- Dean of Students at 580-581-2244
- Director of Student Wellness Center at 580-581-6725
- Director of Student Development at 580-581-2209
- Director of Student Housing at 580-581-2392
- Student Housing Coordinators at 580-581-2392
- Director of Human Resources at 580-581-2245
- Director of Duncan Campus at 580-581-5950
- Director of Public Safety at 580-581-2237

Reporting a Crime or Emergency

The University encourages accurate and prompt reporting of all criminal actions, emergencies, or other incidents occurring on campus, on other property owned by the University, or on nearby public property to the appropriate administrator and appropriate police agencies. Such a report is encouraged when the victim of a crime elects to, or is unable to, make such a report.

For the Lawton campus, all criminal actions or emergencies occurring on University property should be reported to the Office of Public Safety. To have an officer dispatched to a specific location call (580) 581-2911 or visit the Office of Public Safety in South Shepler Rm #108. A dispatcher is available 24/7. If a crime is in progress or there is some other situation posing imminent danger, local law enforcement can be reached by dialing 911. On the Lawton campus, 911 calls will be routed to the Comanche County E-911 Center and information relayed to the Office of Public Safety.

On the Duncan campus, crimes should be reported to the Duncan Police Department by calling 911, (580) 255-2112, or visit 100 South 7th Street, Duncan Oklahoma and the Duncan Police Department will respond appropriately.

Students, staff, and visitors should also report situations to one of the campus security authorities identified above. Once reported, the individual may also be encouraged to report the situation to the appropriate police agency. If requested, a University staff member will assist in making the report to police.

Anonymous incident reports can also be made by calling the Office of Public Safety at (580) 581-2237, or in person at South Shepler, room 108.

Confidential Reporting

The University will protect the confidentiality of victims. Only those with a need to know the identity for purposes of investigating the crime, assisting the victim or disciplining the perpetrator will know the victim's identity.

The Office of Public Safety encourages anyone who is the victim of or witness to any crime to promptly report it to the Office of Public Safety by calling (580) 581-2911 or visit the Office of Public Safety in South Shepler Rm #108 for the Lawton campus or the Duncan Police Department for the Duncan campus, when appropriate. Police reports are public records and cannot be held in confidence; however, victims or witnesses can report crimes on a voluntary, confidential basis for inclusion in the annual disclosure of crime statistics to other CSAs. When a student is involved in an incident, the information is forwarded to the appropriate CU disciplinary authority such as the Director of Student Development. If the situation involves the safety and welfare of the University community, the Dean of Students or other appropriate persons of authority may take the immediate administrative or disciplinary action deemed necessary.

Pursuant to the University's sexual misconduct policy, when an employee who is not a confidential resource becomes aware of alleged misconduct under that policy (including, but not limited to, dating violence, domestic violence, sexual assault, and stalking), the employee is responsible for reporting that information, including the status of the parties if known, to the Title IX Coordinator. A victim of other types of crimes (e.g., aggravated assault, burglary, etc.) who does not want to pursue action within the University disciplinary system or the criminal justice system is nevertheless encouraged to make a confidential report to a campus security authority. Upon the victim's request, a report of the details of the incident can be filed with the University without revealing the victim's identity. Such a confidential report complies with the victim's wishes, but still helps the University take appropriate steps to ensure the future safety of the victim and others. With such information, the University can keep an accurate record of the number of incidents involving members of the campus community, determine where a pattern of crime may be developing and alert the community as to any potential danger. These confidential reports are counted and disclosed in the annual crime statistics for the University.

The University encourages its professional counselors, if and when they deem it appropriate, to inform the person they are counseling to report crimes on a voluntary, confidential basis for inclusion in the annual report of crime statistics. The University does not have pastoral counselors.

Security of and Access to Campus Facilities

The Residence Life Handbook is available at <https://www.cameron.edu/housing/handbook> and addresses security and safety issues in further detail such as visitation hours, guest policies, and keys. Access to Lawton campus residence halls is controlled on a 24-hour basis by electronic key card access. Each student is responsible for carrying their own room key and ID card at all times. Residents may enter the halls at any time with a key card authorized by Student Housing. Access by non-residents is limited to specified visiting hours and granted by the resident student. A residence hall staff member is on duty 24 hours a day for access assistance and security. A student should immediately report a missing key or ID card to the Resident Advisor whether it be lost, stolen, or

misplaced. Once reported missing, key cards are immediately deactivated. There is no residence housing on the Duncan Campus.

University buildings, other than residence halls, are normally open for access during conventional business hours, typically Monday – Friday, 8 a.m. to 5 p.m. Buildings are otherwise controlled for hours of operation by either electronic locks or physical keys. Key card access and physical keys are authorized on a departmental level. Individual buildings not on electronic control are access controlled by either departmentally designated personnel, Physical Facilities personnel or their contract designee. Individual offices, classrooms and interior spaces are controlled on a departmental level.

During non-business hours or in cases of an emergency, access is granted to facilities by the Office of Public Safety. All buildings and facilities are patrolled and monitored by campus police officers on a 24-hour basis. Security of all facilities, at the close of business, are ensured by a building check from campus police.

Security Considerations in the Maintenance of Facilities

The Office of Public Safety and the Environmental Health Safety Office works with Physical Facilities to identify maintenance issues on both the Lawton and Duncan campuses that may be safety hazards. Safety checks are completed to identify street or safety lights that are not functioning properly, or to determine if shrubs or other landscaping might need trimming. Maintenance personnel regularly check to ensure there is adequate lighting on pathways and that egress lighting is working in hallways and stairwells.

Educational Programs Related to Security Awareness and Prevention of Criminal Activity

The University seeks to enhance the security of its campus and the members of the campus community by periodically presenting educational programs to inform students and employees about campus security procedures and practices, to encourage students and employees to be responsible for their own security and the security of others and to inform them about the prevention of crimes. These programs are discussed below.

Cameron University delivers training about general safety practices to students and employees through online vendors and face-to-face training. All employees are required to complete annual online training on sexual harassment, sexual violence, and sexual harassment prevention. All employees for whom the university deems it relevant are required to complete online training on bloodborne pathogens and safe handling of bodily fluids. Additional voluntary training is made available through an online platform providing modules on topics such as active shooter, bystander intervention, fire safety, cyber security, and substance use and abuse. Incoming students in freshman success classes are required to complete training on sexual harassment, sexual violence, and sexual harassment prevention and active shooter protocol, as well as fire and tornado safety. Resident Advisors in the dorms receive training on topics related to health and safety as part of the annual RA training.

PPAC and OPAC training materials: All employees are required to complete annual online training that covers sexual harassment, sexual violence, domestic violence, and bystander intervention. Incoming first year students receive training on the same topics through the freshman success course.

Monitoring Off Campus Locations of Recognized Student Organizations

The University does not have any officially recognized student organizations with off campus locations and therefore does not monitor or record criminal conduct occurring at such locations.

Disclosure of the Outcome of a Crime of Violence or Non-Forcible Sex Offense

Upon written request, the University will disclose to the alleged victim of a crime of violence (as that term is defined in section 16 of title 18, United States Code), or a non-forcible sex offense, the report on the results of any disciplinary proceeding conducted by the University against a student who is the alleged perpetrator of such crime or offense. If the alleged victim is deceased as a result of such crime or offense, the next of kin of such victim shall be treated as the alleged victim for purposes of the paragraph.

The previous paragraph does not apply to victims of dating violence, domestic violence, sexual assault, or stalking because under the Violence Against Women Act both the accused and accuser in these cases are given the results without the need to make a written request.

Drug and Alcohol Policy

The abuse of alcohol and other drugs interferes with the processes of learning, teaching, research and public service, which are the functions of Cameron University. In order to accomplish its mission, and further to comply with the Drug Free Schools and Communities Act Amendments of 1989, Cameron University has promulgated this policy and directed its distribution to each of its students.

POLICY: Pursuant to local, state, and federal laws, and its own rules and regulations, Cameron University prohibits the unlawful possession, use, manufacture, or distribution of alcohol and other drugs by students and employees on university owned or controlled premises, as a part of any university sponsored activities, or in the workplace. <https://www.cameron.edu/current-students/student-services/handbook/health-and-wellness-services/alcohol-and-drug-free-campus-policy>

Violators of the University's policies or federal and state laws regarding illegal drugs will be subject to disciplinary action and possibly criminal prosecution.

Denial of Federal Benefits (21 U.S.C. § 862) A federal drug conviction may result in the loss of federal benefits, including loans, grants, scholarships, contracts, and licenses, although the Department of Education has said it will no longer disqualify students from Title IV aid for a federal or state conviction for possession or sale of a controlled substance.

Forfeiture of Personal Property and Real Estate (21 U.S.C. § 853) Any person convicted of a federal drug offense punishable by more than one year in prison shall forfeit to the United States any personal or real property related to the violation. A warrant of seizure may be issued and property seized at the time an individual is arrested on charges that may result in forfeiture.

Federal Drug Trafficking Penalties (21 U.S.C. § 841) Penalties for federal drug trafficking convictions vary according to the type and quantity of the controlled substance involved in the transaction. Penalties for subsequent convictions are more severe. Federally-defined schedules of controlled substances are published at 21 U.S.C. 812.

In the case of a controlled substance in schedule I or schedule II, GHB (or, "liquid ecstasy"), or flunitrazepam (or, "rohypnol"), a person shall be sentenced to a term of imprisonment of not more than 20 years. If death or serious bodily injury results from the use of a controlled substance which has been illegally distributed, the person convicted on federal charges of distributing the substance faces the possibility of a life sentence and fines ranging up to \$10 million.

In the case of a controlled substance in schedule III, a person shall be sentenced to a term of imprisonment of not more than 10 years, and if death or serious bodily injury results, shall be sentenced to a term of imprisonment of not more than 15 years or a fine not to exceed \$500,000, or both, for a first offense.

For less than 50 kilograms of marijuana, the term of imprisonment shall not be more than five years, and the fine shall not be more than \$250,000, or both, for a first offense.

In the case of a schedule IV substance, the term of imprisonment shall not be more than five years, and the fine shall not be more than \$250,000, or both, for a first offense.

Persons convicted on federal charges of drug trafficking within 1,000 feet of an elementary school, secondary school, college, or university (**21 U.S.C. § 860**) face penalties of prison terms and fines which are twice as high as the regular penalties for the offense, with a mandatory prison sentence of at least one year, unless the offense involves five grams or less of marijuana.

Federal Drug Possession Penalties (21 U.S.C. § 844) Persons convicted on federal charges of possessing any controlled substance face penalties of up to one year in prison, a mandatory fine of no less than \$1,000, or both. Second convictions are punishable by not less than 15 days but not more than two years in prison and a minimum fine of \$2,500. Subsequent convictions are punishable by not less than 90 days but not more than three years in prison and a minimum fine of \$5,000.

Crime Type (Oklahoma Statutes)	Definitions
	in which consent is not clear including, but not limited to: (a) the absence of an individual saying “no” or “stop”, or (b) the existence of a prior or current relationship or sexual activity.

University Definition of Consent

The University uses the following definition of consent in its sexual misconduct policy for the purpose of determining whether sexual violence (including sexual assault) has occurred:

Consent is the act of willingly agreeing to engage in sexual contact or conduct. Individuals who consent to sex must be able to understand what they are doing. Consent is informed, knowing and voluntary. Consent is active, not passive. Silence, in and of itself, cannot be interpreted as consent. Consent can be given by words or actions, as long as those words or actions create mutually understandable permission regarding the conditions of sexual activity. Consent to one form of sexual activity cannot imply consent to other forms of sexual activity. Previous relationships or consent does not imply consent to future sexual acts. Consent cannot be procured by use of physical force, compelling threats, intimidating behavior, or coercion.

Risk Reduction

If you find yourself in an uncomfortable sexual situation, these suggestions may help you reduce your risk:

- Discuss boundaries with your partner.
- You can withdraw consent to sexual activity at any time. Do not be afraid to tell a sexual aggressor “NO” clearly and loudly.
- Try to remove yourself from the physical presence of a sexual aggressor. Be direct as possible about wanting to leave the environment.
- Grab someone nearby and ask them for help.
- Be responsible about your alcohol and/or drug use. Alcohol and drugs can lower your sexual inhibitions and may make you vulnerable to someone who views an intoxicated/high person as a sexual opportunity.
- Attend large parties with friends you trust. Watch out for your friends and ask that they watch out for you.
- Be aware of someone trying to slip you an incapacitating “rape drug” like Rohypnol or GHB.

If you find yourself in the position of being the initiator of sexual behavior, these suggestions may help you to reduce your risk of being accused of sexual assault or another sexual crime:

- Remember that you owe sexual respect to the other person.
- Don’t make assumptions about the other person’s consent or about how far they are willing to go.
- Remember that consent to one form of sexual activity does not necessarily imply consent to another form of sexual behavior.

- If your partner expresses a withdrawal of consent, stop immediately.
- Clearly communicate your sexual intentions so that the other person has a chance to clearly tell you their intentions.
- Consider “mixed messages” a clear sign that the other person is uncomfortable with the situation and may not be ready to progress sexually.
- Don’t take advantage of someone who is really drunk or on drugs, even if they knowingly and intentionally put themselves in that state. Further, don’t be afraid to step in if you see someone else trying to take advantage of a nearly incapacitated person.
- Be aware of the signs of incapacitation, such as slurred speech, bloodshot eyes, vomiting, unusual behavior, passing out, staggering, etc.

It is also important to be aware of the warning signs of an abusive person. Some examples include: past abuse; threats of violence or abuse; breaking objects; using force during an argument; jealousy; controlling behavior; quick involvement; unrealistic expectations; isolation; blames others for problems; hypersensitivity; cruelty to animals or children; “playful” use of force during sex; Jekyll-and-Hyde personality.

Bystander Intervention

Bystander intervention is encouraged through safe and positive intervention techniques and by empowering third-party intervention and prevention. In addition to reporting incidents to appropriate authorities, below are some ways in which individuals can take safe and positive steps to prevent harm and intervene when there is a risk of dating violence, domestic violence, sexual assault, or stalking against another person.

- Look out for those around you.
- Realize that it is important to intervene to help others.
- Treat everyone respectfully. Do not be hostile or an antagonist.
- Be confident when intervening.
- Recruit help from others if necessary.
- Be honest and direct.
- Keep yourself safe.
- If things get out of hand, don’t hesitate to contact the police.
- Directly confronting the perpetrator.
- Distracting the perpetrator to create a way out for the potential victim.
- Delegating to someone else who is better equipped to intervene.

Other Information Covered by the PPAP

The PPAP also provides information on possible sanctions and protective measures that may be imposed

following a determination that an offense of dating violence, domestic violence, sexual assault, or stalking has occurred, an explanation of the disciplinary procedures that will be followed when one of these offenses is alleged, the rights of the parties in such a proceeding, available resources, and other pertinent information. Much of this information is set forth in the upcoming sections of this security report.

Ongoing Prevention and Awareness Campaign:

The University also conducts an Ongoing Prevention and Awareness Campaign (OPAC) aimed at all students and employees. This campaign covers the same material as provided in the PPAP, but is intended to increase the understanding of students and employees on these topics and to improve their skills for addressing the offenses of dating violence, domestic violence, sexual assault and stalking.

PPAP and OPAC Programming Methods:

The PPAC and OPAC are carried out in a variety of ways, using a range of strategies, and, as appropriate, targeting specific audiences throughout the University. Methods include, but are not limited to: presentations, online training modules, distribution of written materials, periodic emails, and guest speakers. A summary of this program is provided below.

- New students in freshman success courses receive education on the prevention of dating violence, domestic violence, sexual assault, and stalking through an online training module. All new employees are required to complete an online training module on these topics upon hire and are required to retake the online training each year.
- As part of its ongoing programming, the University uses a variety of strategies, such as in-person presentations, email blasts, announcements, etc. While programming occurs throughout the year, the University also offers educational sessions and literature in coordination with nationally recognized observances such as Sexual Assault Awareness Month and Domestic Violence Awareness Month.

Procedures to Follow if You are a Victim of Dating Violence, Domestic Violence, Sexual Assault, or Stalking:

If you are the victim of dating violence, domestic violence, sexual assault, or stalking, some or all of these suggestions may guide you after an incident has occurred:

1. If there is any immediate danger, call 911.

Otherwise, contact:

- The Office of Public Safety at (580) 581-2237 if the incident occurred on the Lawton campus.
- Lawton Police Department at (580) 581-3272 if the incident occurred off campus in Lawton.
- Duncan Police Department at (580) 255-2212 if the incident occurred on the Duncan campus or off campus in Duncan.

If the incident occurred anywhere else, contact the law enforcement agency with jurisdiction over that location.

You may also contact the University's Title IX Coordinator at (580) 581-6712.

2. Go to a safe place and speak with someone you trust. Tell this person what happened. If possible, record the names of any witnesses and their contact information. Try to recall details (e.g., physical description, names, license plate number, car description, etc.), or even better, write notes to remind you of details if you have the time and ability to do so. If you have injuries, photograph or have them photographed, with a date stamp on the photo.

3. For your safety and well-being, immediate medical attention is encouraged. Further, being examined as soon as possible, ideally within 120 hours (five days), is important in the case of rape or sexual violence. [Comanche County Memorial Hospital (3401 W. Gore Blvd., Lawton), Southwestern Medical Center (5602 SW Lee Blvd., Lawton), and Duncan Regional Hospital (2621 Whisenant Dr., Duncan)] can care for any physical injuries you may have and provide other services related to sexual violence.

4. In instances of dating violence, domestic violence, and stalking it is suggested that you obtain medical assistance and reports where appropriate, observe the recommendations noted above, and retain all documentation, emails, voicemail messages, etc., related to the incident or activity.

5. If you obtain an external order of protection (e.g., victim protective order, restraining orders, injunctions, protection from abuse), please notify:

- The Office of Public Safety at (580) 581-2237, and the Title IX Coordinator at (580) 581-6712, and the Office of Public Safety at (580) 581-2237 so that those orders can be observed on the Lawton campus.
- Duncan Police Department at (580) 255-2112, so that those order can be observed on the Duncan campus.

Victims will be notified in writing of the procedures to follow, including:

1. To whom and how the alleged offense should be reported (contact the Title IX Coordinator or refer to the other resources listed in this report).
2. The importance of preserving evidence that may be necessary to prove the offense in a criminal proceeding or disciplinary action or to obtain a protective order.
3. The victim's options regarding notification to law enforcement, which are: (a) the option to notify either on-campus or local police; (b) the option to be assisted by campus security authorities in notifying law enforcement if the victim so chooses (the institution is obligated to comply with such a request if it is made); and (c) the option to decline to notify such authorities.
4. Where applicable, the rights of victims and the institution's responsibilities regarding orders of protection, no-contact orders, restraining orders, or similar lawful orders issued by a criminal, civil, or tribal court.

Preservation of Evidence & Forensic Examinations

Victims of physical assault are advised to not remove clothing items worn during or following an assault, as they frequently contain valuable fiber, hair, and fluid evidence. To preserve evidence, it is recommended that you do not bathe, shower, douche, eat, drink, smoke, brush your teeth, change clothes, or alter the scene of the incident. Preserving evidence is critical for a criminal prosecution and can also be useful in a campus investigation or in obtaining an external order of protection. You can obtain a forensic examination at Comanche County Memorial Hospital (3401 W. Gore Blvd., Lawton) 580-355-8620, Southwestern Medical Center (5602 SW Lee Blvd., Lawton) 580-531-4700, Duncan Regional Hospital (2621 Whisenant Dr., Duncan) 580-252-5300.

Completing a forensic examination does not require you to file a police report, but having a forensic examination will help preserve evidence in case you decide at a later date to file a police report.

Victims are also advised to retain evidence in electronic formats (e.g., text messages, emails, photos, social media posts, screenshots, etc.). Such evidence is valuable in all situations, and it may be the only type of evidence available in instances of stalking.

Security/Law Enforcement & How to Make a Police Report

- The Office of Public Safety at (580) 581-2237
- Lawton Police Department at 580-581-3272
- Duncan Police Department at 580-255-2212
- Reporting parties are not required to report an incident to law enforcement (campus or local), but have the right to report to either, both, or neither. A student or employee wishing to report an incident to campus law enforcement may do so by calling the appropriate Office of Public Safety campus office non-emergency number. Campus authorities will also assist a reporting party in making a report with local law enforcement if he/she wishes to do so. A reporting party can also call the non-emergency line of the appropriate municipal police department.

Information about Legal Protection Orders

Oklahoma's Victim Protective Order (VPO), also known as a protective order (PO) or restraining order, is a court order that protects victims from abuse or harassment by an alleged offender. The order can be requested if someone is being stalked, harassed, raped, or violently assaulted by a family member, partner, or household member. It can also be requested if the abuser is not a family member. Information about Victim Protective Orders may be found at: [Obtaining a Victim Protective Order \(oklahoma.gov\)](http://oklahoma.gov)

Victims may contact local domestic violence and sexual assault advocates for assistance in obtaining a protection order.

When a protection order is granted, it is enforceable statewide. If you have obtained a protection order and need it to be enforced in your area, you should contact the local police department. For enforcement on the Lawton campus, contact the Office of Public Safety at (580) 581-2237. For enforcement in the City of Lawton, contact the Lawton Police Department at (580) 581-3272. For enforcement in the City of Duncan or on the Duncan campus, contact the Duncan Police Department at (580) 255-2212.

The University will also recognize any temporary restraining order or other no contact order against the alleged perpetrator from a criminal, civil, or tribal court. Any student or employee who has a protection order or no contact order should notify the Title IX Coordinator and provide a copy of the restraining order so that it may be

kept on file with the institution and can be enforced on campus, if necessary. Upon learning of any orders, the institution will take all reasonable and legal action to implement the order.

The University does not issue legal orders of protection. However, as a matter of institutional policy, the institution may impose a no-contact order between individuals in appropriate circumstances. The institution may also issue a “no trespass warning” if information available leads to a reasonable conclusion that an individual is likely to cause harm to any member of the campus community. A person found to be in violation of a No Trespass Warning may be arrested and criminally charged.

Sometimes a victim of a crime may feel the need to take a leave of absence from school. If a student at the Lawton or Duncan campus is considering a leave of absence based on the circumstances of a complaint, he/she should understand there may be financial aid implications in taking such leave. This should be discussed with financial aid personnel at 301 North Shepler, Phone (580) 581-2293, (580) 581-2295, financialaid@cameron.edu, and the Title IX Coordinator Dr. Keith Vitense, Library, Room 109* by appointment, (580) 581-6712, co-tix@cameron.edu, can assist in facilitating this conversation if desired. The University’s financial aid website can be found at: [Office of Financial Assistance - Cameron University | Cameron University](#)

Accommodations and Protective Measures:

The University will provide written notification to victims about options for, and available assistance in, changing academic, living, transportation, and working situations or protective measures. If victims request these accommodations or protective measures and they are reasonably available the University is obligated to provide them, regardless of whether the victim chooses to report the crime to campus security or local law enforcement. Reporting parties may request certain supportive measures or other assistance and no formal complaint or investigation, administrative or criminal, need occur before these options are available. Examples of supportive measures that the university may be able to provide include:

- Assistance in filing a complaint with the university and appropriate law enforcement agencies
- Assistance in filing for an Emergency Protective Order (EPO)
- No contact order
- Change of class schedules and academic support
- Alternate housing arrangements
- Transportation arrangements and campus escorts
- Counseling services
- Blocking emails
- Other measures, as needed

Requests for accommodations or protective measures should be made to the Title IX Coordinator at (580) 581-6712, and the Title IX Coordinator is responsible for deciding what, if any, accommodations or protective measures will be implemented.

When determining the reasonableness of such a request, the University may consider, among other factors, the following:

- The specific need expressed by the complainant.
- The age of the students involved.
- The severity or pervasiveness of the allegations
- Any continuing effects on the complainant
- Whether the complainant and alleged perpetrator share the same class or job location.
- Whether other judicial measures have been taken to protect the complainant (e.g., civil protection orders).

The University will maintain as confidential any accommodations or protective measures provided a victim to the extent that maintaining confidentiality would not impair the University's ability to provide them. However, there may be times when certain information must be disclosed to a third party in order to implement the accommodation or protective measure. Such decisions will be made by the University in light of the surrounding circumstances, and disclosures of this nature will be limited so that only the information necessary to implement the accommodation or protective measure is provided. In the event it is necessary to disclose information about a victim in order to provide an accommodation or protective order, the University will inform the victim of that necessity prior to the disclosure, including which information will be shared, with whom it will be shared and why.

Procedures for Disciplinary Action:

Allegations of domestic violence, dating violence, sexual assault or stalking will be processed through the University's Sexual Misconduct, Discrimination and Harassment Policy, or other relevant policy as appropriate to the allegations (i.e. Student Code of Conduct, Faculty Handbook, Employee Handbook) and the related complaint resolution procedures. The procedures are utilized whenever or wherever a complaint is made, regardless of the status of the complainant and the respondent.

The complaint resolution procedures are invoked once a report is made to one of the following individuals:

Title IX Co-Coordinator

Dr. Keith Vitense
Library, Room 109*
*By appointment only
(580) 581-6712
Email: eo-tix@cameron.edu

Reports may be made in-person, by mail or email, or by phone. Once a formal complaint is made, the Title IX Coordinator, or other University employee as appropriate, will provide notice to the parties of the investigation, including a description of the process to be utilized, the identities of the parties, the conduct at issue, and the date and location of the alleged incident. During the investigation, the complainant and respondent will each have an equal opportunity to describe the situation and present witnesses, including both fact and expert witnesses, and other supporting evidence. The investigator(s) will review the statements and evidence presented and may,

depending on the circumstances, interview others with relevant knowledge, review documentary materials and take any other appropriate action to gather and consider information relevant to the complaint. Prior to the conclusion of the investigation, both parties will be provided an opportunity to review the evidence gathered during the investigation that is directly related to the allegations raised in the formal complaint. Upon completion of the investigation, both parties will be given a copy of the investigation report.

In Title IX cases, a live hearing will be conducted to make a determination as to whether any allegations in a complaint were found to be substantiated by a preponderance of the evidence. During the hearing, each party's advisor will be permitted to ask the other party and any witnesses all relevant questions and follow-up questions including those bearing on credibility. The decision maker(s) will issue a written determination of responsibility, a statement of any disciplinary sanctions and whether any remedies will be provided to the complainant, and a description of the procedures and permissible grounds for appeal. The parties will be simultaneously notified of this determination in writing within five (5) university business days of it being made. The University strives to complete investigations of this nature within sixty (60) to ninety (90) business days.

The process for filing a complaint of Employee Sexual Misconduct or Sexual Misconduct (Student Code Violation) is the same as the process for filing a formal complaint of Title IX Sexual Harassment, except that prior to initiating an investigation into the alleged conduct, the Title IX Coordinator must first request authorization to investigate from the Director of Human Resources or the Office of Student Affairs who will determine whether the University has jurisdictional authority to impose disciplinary sanctions on the Respondent pursuant to the applicable Faculty and Employee Handbook provisions or the Student Code of Conduct as applicable. Once a complaint is filed, the complaint procedures will follow the same procedure for a formal complaint of Title IX Sexual Harassment except where specifically noted herein or in the Grievance Procedures available at <https://www.cameron.edu/oeo/title-ix>.

Both parties have equal opportunity to appeal the determination by filing a written appeal with the Title IX Coordinator within five (5) university business days of being notified of the outcome of the investigation. The non-appealing party will be notified of the appeal and permitted to submit a written statement in response. The Title IX Coordinator shall provide the appeal and response to the appropriate appellate decision-maker. The appellate decision-maker shall enter a decision of appeal within ten (10) university business days after the parties' statements, if any, are received. The appellate decision-maker is not the same person as the decision-maker entering the determination, the Title IX Coordinator, or the investigator.

At any time after the filing of a formal complaint but not less than ten (10) university business days prior to a live hearing, either party may request that the University facilitate an informal resolution. Informal resolution is an available option when both parties voluntarily agree to participate in writing and if the Title IX Coordinator agrees that information resolution is appropriate given the nature of the allegations and the relationship of the parties. Informal resolution will not be facilitated in cases involving a student complainant and an employee respondent. To allow the parties to participate without concern for how their statements may affect the outcome of an investigation, the Title IX Coordinator and Office of Equal Opportunity staff will not participate in informal resolution. If the parties reach agreement during the informal resolution process, the facilitator will reduce the agreement to writing and present it to the Title IX Coordinator, who may approve or disapprove the agreement between the parties enforceable by the University. Once the parties have entered into an approved informal resolution agreement, the grievance will be deemed resolved and may not be re-opened. At any time prior to agreeing to a resolution, any party has the right to withdraw from the informal resolution process and resume the grievance process with respect to the formal complaint. If any party declines to participate in the informal resolution process chooses to withdraw from participation, or if informal resolution is not successful, the grievance process continues.

The investigation and records of the resolution conducted by the university are maintained confidentially. Information is shared internally between administrators who need to know. Where information must be shared to permit the investigation to move forward, the reporting party will be informed. Privacy of the records specific to the investigation is maintained in accordance with Oklahoma law and the federal Family Educational Rights and Privacy Act of 1974 (FERPA) statute. Any public release of information to comply with the open crime logs or timely warning provisions of the Clery Act will not release the names of reporting parties or information that could easily lead to a reporting party's identification. Additionally, the university maintains privacy in relation to any accommodations or protective measures afforded to a victim, except to the extent necessary to provide the accommodations and/or protective measures, or where required by law.

Rights of the Parties in an Institutional Proceeding:

During the course of the process described in the previous section, both the accuser and the individual accused of the offense are entitled to:

1. A prompt, fair and impartial process from the initial investigation to the final result.
 - A prompt, fair and impartial process is one that is:
 - Completed within reasonably prompt timeframes designated by the institution's policy, including a process that allows for the extension of timeframes for good cause, with written notice to the accuser and the accused of the delay and the reason for the delay.
 - Conducted in a manner that:
 - Is consistent with the institution's policies and transparent to the accuser and the accused.
 - Includes timely notice of meetings at which the accuser or accused, or both, may be present; and
 - Provides timely access to the accuser, the accused and appropriate officials to any information that will be used during the informal and formal disciplinary meetings and hearings.
 - Conducted by officials who do not have a conflict of interest or bias for or against the accuser or the accused.
2. Proceedings conducted by officials who, at a minimum, receive annual training on the issues related to dating violence, domestic violence, sexual assault, and stalking and on how to conduct an investigation and hearing process that protects the safety of victims and promotes accountability.
 - The Title IX Coordinator is ultimately responsible for assuring in all cases that the behavior is brought to an end, the university acts to reasonably prevent its recurrence and the effects on the reporting party and the community are remedied. Accordingly, the Title IX Coordinator in conjunction with other offices, including Student Conduct, Student Affairs, Legal Counsel, and Human Resources, is also responsible for assuring that training is conducted annually for all advocates, investigators, hearing officers, panelists and appeals officers. Training focuses on sexual misconduct, domestic violence, dating violence, sexual assault, stalking, sexual harassment,

retaliation, and other behaviors that can be forms of sex or gender discrimination. Training will help those decision-makers associated with the process to protect the safety of reporting parties and to promote accountability for those who commit offenses.

3. The same opportunities to have others present during any institutional disciplinary proceeding, including the opportunity to be accompanied to any related meeting or proceeding by the advisor of their choice. The institution may not limit the choice of advisor, but may establish limits regarding the extent to which that advisor may participate in the proceeding, as long as those limits apply equally to both parties.
4. Have the outcome determined using the preponderance of the evidence standard.
5. Simultaneous, written notification of the results of the proceeding, any procedures for either party to appeal the result, any change to the result, and when the result becomes final. For this purpose, “result” means “any initial, interim and final decision by an official or entity authorized to resolve disciplinary matters” and must include the rationale for reaching the result and any sanctions imposed.

Possible Sanctions or Protective Measures that the University May Impose for Dating Violence, Domestic Violence, Sexual Assault or Stalking Offenses:

In the event that sexual assault, stalking, dating violence, or domestic violence does occur, the University takes the matter very seriously. A student/employee who is found to have committed dating violence, domestic violence, sexual assault, or stalking in violation of University policy may be subject to the following sanctions:

A. Sanctions for students:

1. Verbal Warning: A verbal notice that the behavior was inappropriate.
2. Written Warning: A written statement that the behavior was inappropriate, which will remain on the student’s university disciplinary record for a specified period of time or until the student meets certain conditions.
3. Disciplinary Probation: A written statement that the behavior was inappropriate and should subsequent violations occur, the university will take more serious conduct action up to and including suspension or expulsion. This can include exclusion from university-affiliated entities, including student organization activities, for a period of time or until the student meets certain conditions. Disciplinary probation will remain on the student’s disciplinary record for a specified period of time or until the student meets specified conditions.
4. Educational Sanctions: A specific number of hours of community service, completion of a reflection or research paper, attending a class, program or lecture, attending counseling, or other actions.
5. Restitution: Repayment for damages or misappropriation of property. This may include monetary compensation or other related service(s), such as cleaning or restoration.
6. Administrative Fee: Administrative fees for educational programs and presentations as well as policy-related administrative costs, which are assessed directly to the student’s Bursar account. A financial stop may be placed on the student’s record if the student fails to pay the administrative fee by the due date. This stop may prevent the student from registering for future terms or adding or dropping courses.
7. University-owned Housing Reassignment or Termination: Reassignment to another university- owned housing unit, exclusion from certain university-owned properties or termination of the student’s housing agreement.

8. Administrative Trespass: Denial of access to all or a portion of campus, except for limited periods and specific activities with the permission of the appropriate university official, as designated by the university Vice President for Student Affairs or other appropriate administrative official vested with such authority. Should the student enter campus without written permission, the appropriate university official or the campus police may take action.

9. Suspension: Exclusion from the university and all campuses governed by the Board of Regents of the University of Oklahoma for a specific period of time or until the student meets certain conditions, following which the student may be permitted to re-enroll or apply for readmission to the university, as applicable.

10. Expulsion: Exclusion from the university and all campuses governed by the Board of Regents of the University of Oklahoma for an indefinite period of time, a record of which remains on file permanently.

11. Restriction or Denial of University Services: Restriction from use or denial of specified university services, including participation in university activities.

12. Delayed Conferral of Degree: Delay of issuance of a student's diploma for a specified period of time or until the student meets certain conditions.

B. Sanctions for employees can include verbal/written reprimands, required counseling/training, community service, administrative leave with or without pay, removal of supervisory or other roles/duties, conduct agreements, other sanctions as deemed appropriate, or termination.

1. For offenses including sexual misconduct or gender-based discrimination, such as sexual violence, domestic violence, dating violence, and stalking, sanctions range from warnings through expulsion/termination as described above. Serious and violent incidents and acts of non-consensual sexual intercourse (the policy equivalent to the crime of rape) can result in suspension, expulsion or termination of employment.

2. Disciplinary action for sexual harassment can include verbal or written warnings, disciplinary probation, required educational training, or other remedial measures as appropriate. Repeated or serious violations may result in immediate termination from employment or dismissal from the university.

The Title IX Coordinator or their designee will offer interim or long-term measures such as opportunities for academic assistance, changes in housing for the complainant or the respondent, changes in working situations as well as other assistance that may be appropriate and reasonable and available on campus or in the community (such as health care, legal assistance, visa and immigration assistance, No Contact Orders, campus escorts, transportation assistance, targeted interventions, etc.) If the complainant so desires, they will be connected with a counselor or victim's advocate. No complainant is required to take advantage of these services and resources. In addition, the University will provide academic, living, transportation, and employment assistance or other protective measures if the victim requests them and they are reasonably available, regardless of whether the complainant chooses to report the crime to campus police or local law enforcement. A written summary of rights, options, support resources and procedures are provided to all complainants regardless of whether they are students, employees, guests or visitors.

Publicly Available Recordkeeping:

The University will complete any publicly available recordkeeping, including Clery Act reporting and disclosures, without the inclusion of personally identifiable information about victims of dating violence, domestic violence, sexual assault, and stalking who make reports of such to the University to the extent permitted by law.

Victims to Receive Written Notification of Rights:

When a student or employee reports to the University that he or she has been a victim of dating violence, domestic violence, sexual assault, or stalking, whether the offense occurred on or off campus, the University will provide the student or employee a written explanation of his or her rights and options as described in the paragraphs above.

Sex Offender Registration Program:

The Campus Sex Crimes Prevention Act of 2000 requires institutions of higher education to advise members of the campus community where they can obtain information provided by the state concerning registered sex offenders. It also requires sex offenders to notify the state of each institution of higher education in the state at which they are employed or enrolled or carrying on a vocation. The state is then required to notify the University of any such information it receives. Anyone interested in determining whether such persons are on this campus may do so by contacting the John DeBoard, Director of Public Safety at 2800 West Gore Blvd. South Shepler, Room 108, (580) 581-2237, or public_safety@cameron.edu. State registry of sex offender information may be accessed at the following link: [PI Disclaimer \(ok.gov\)](#).

Timely Warnings and Emergency Response

Timely Warnings

In the event of criminal activity occurring either on campus or off campus that in the judgment of the Timely Warnings are issued for certain crimes to persons or property that occur within the Clery Act geography of the Lawton and Duncan campuses and are considered by Cameron University to represent a serious or continuing threat to students and employees. The Office of Public Safety may consult with senior University administration and/or their designees to determine if there is a serious or continuing threat and to draft the Timely Warning. constitutes a serious or continuing threat to members of the campus community, a campus-wide “timely warning” will be issued. Examples of such situations may include a sexual assault or a series of motor vehicle thefts in the area that merit a warning because they present a continuing threat to the campus community. Warnings will be communicated to students and employees via one or more of the methods discussed later in this section. Updates to the warnings will be provided as appropriate.

Anyone with information warranting a timely warning should immediately report the circumstances to:

- Office of Public Safety, 580-581-2911
- Director of Duncan Campus, 580-581-5950

The University has communicated with local law enforcement asking them to notify the University if it receives reports or information warranting a timely warning.

Emergency Response

The University seeks to minimize the impacts of emergencies and maximize both the Lawton and Duncan campuses community's effectiveness through increased coordination and preparedness. The ultimate goal of emergency preparedness is to promote community safety, assure continuity of emergency response operations and restore normal University operations and services as quickly as possible following an emergency. Emergency planning and response is an evolutionary process adapting to the nature of the emergency at hand. The Emergency Operations Plan defines basic procedures as a guideline for response personnel. When responding to and recovering from major emergencies and catastrophic occurrences, the plan provides an organizational structure for the continuity of campus

operations to pursue the University's academic mission. The EOP identifies key decision-makers and their roles during a campus emergency. The plan establishes emergency command centers and describes procedures that will be utilized during specifically identified severities of emergency. Tabletop tests of the Emergency Operations Plan are regularly conducted.

Students, staff and visitors are encouraged to notify the Office of Public Safety at (580)581-2237 on the Lawton Campus, and the Duncan Police Department at (580) 255-2112 on the Duncan Campus of any emergency or potentially dangerous situations.

Emergency Notifications are issued to the campus community upon the confirmation of a significant emergency or dangerous situation involving an immediate threat to the health or safety of students or staff on campus. Examples include but are not limited to dangerous situations such as an armed intruder or a civil disturbance; a fire; hazardous materials spill; inclement weather delays/closures; tornado warnings. Confirmation of an emergency means that the Office of Public Safety and senior University administration and/or their designees, as appropriate, will gather and analyze reported facts to verify that a legitimate emergency or dangerous situation exists. The University will, without delay, and taking into account the safety of the campus community, determine the content of the notification and initiate the notification system, unless issuing a notification will, in the professional judgment of responsible authorities, compromise efforts to assist a victim or to contain, respond to or otherwise mitigate the emergency.

If senior CU Administration as noted above, confirms that there is an emergency or dangerous situation that poses an immediate threat to the health or safety of some or all members of the CU community, the Office of Public Affairs will initiate appropriate media distribution of the notification which may include but is not limited to, campus-wide email, the CU Alert notification system which distributes emails, phone calls, and text messages, social media outlets, and local media outlets..

CU will immediately issue an Emergency Notification to Lawton and Duncan campus communities upon the confirmation of a significant emergency or dangerous situation involving an immediate threat to the health or safety of students or staff on campus. Examples include but are not limited to: dangerous situations (armed intruder, civil disturbance, hostage situation, etc.) fire, hazardous material leak/spill, inclement weather delays/closures and tornado warnings. Confirmation of an emergency means that CUPD and senior university administration and/or their designees, as appropriate, will gather and analyze reported facts to verify that a legitimate emergency or dangerous situation exists. The University will, without delay, and taking into account the safety of the campus community, determine the content of the notification and initiate the notification system, unless issuing a notification will, in the professional judgment of responsible authorities compromise efforts to assist a victim or to contain, respond to or otherwise mitigate the emergency.

The Director of Public Affairs will direct the issuance of emergency notifications, which will be accomplished using one or more of methods discussed later in this section, depending on the nature of the threat and the segment of the campus community being threatened.

If senior CU Administration as noted above, confirms that there is an emergency or dangerous situation that poses an immediate threat to the health or safety of some or all members of the CU community, the Office of Public Affairs will initiate appropriate media distribution of the notification which may include but is not limited to, campus-wide email, the CU Alert notification system which distributes emails, phone calls, and text messages, social media outlets, and local media outlets.

Methods for Issuing Timely Warnings and Emergency Notifications

Emergency Notification

Cameron University utilizes an emergency communication system to send time-sensitive notifications via voice messages, e-mails and text messages. This service helps us provide a safer environment, enhances emergency preparedness and keeps our faculty, staff and students better informed.

To edit your information:

Log into your AggieAccess account at <https://aggieaccess.cameron.edu>

Click on the 'My Info' tab.

Click on the 'Update Emergency Communication System Info' link and enter your contact information.

The communication system can deliver a message to up to three phone numbers, two e-mail addresses and one text message per student. If you have difficulty entering or updating your information, please call the Student Computing and Help Desk Coordinator at (580) 581-2338.

Please be assured that all personal information collected by Cameron University is maintained in the strictest confidence. This system will be used only in the event an urgent and timely notice is required.

Important details about receiving a message:

1. When you receive an emergency message from Cameron, your caller ID will display (580) 581-2211.
2. For e-mails, the e-mail ID will be from publicaffairs@cameron.edu
3. When listening to a message, please be aware that background noise will cause the system to "stop and start." It is calibrated very delicately to determine whether a person or an answering machine has picked up the phone, and background noise may affect the delivery. If possible, move to a quiet area or press the "mute" button on your phone.
4. If you missed any part of the message, please stay on the line and press "*" (star) to hear the message again.

The method(s) listed below may be utilized when the University issues a timely warning or emergency notification to the campus community.

Testing & Documentation

Tests of emergency evacuation protocols are conducted annually utilizing the University's Emergency Communication System. In addition, Residential Life staff conduct emergency drills (fire and tornado) at least once per semester with residents. The University's fire alarm and suppression systems are annually inspected and tested

by state-certified contractors. Weather permitting, emergency sirens are tested in each of our campus's local communities as follows: Lawton – Noon every Monday. Duncan – Noon every Monday.

The Director, Public Affairs maintains a record of these tests and training exercises, including a description of them, the dates and times they were held and an indication of whether they were announced or unannounced. In connection with at least one such test, the University will distribute to its students and employees information to remind them of the University's emergency response and evacuation procedures.

Missing Student Policy

Any university employee who receives a report that a student is missing, or has independent information that a student is missing, must immediately report the information or evidence to the Office of Public Safety. When Public Safety receive the initial report, they will notify the Office of Student Housing, whose staff will determine whether the student is a Resident Student. If not a Resident Student, the Office of Public Safety will conduct the reporting investigation in accordance with missing person's procedures.

Resident Students will be given the opportunity during move-ins with the Office of Student Housing and Residence Life to designate or update an individual or individuals to be contacted by the university no more than 24 hours after the time that the student is determined to be missing in accordance with the procedures. Students may update this information by contacting the Director of Student Housing and Residential Life. If a student has identified such an individual, the University will notify that individual no later than 24 hours after the student is determined to be missing. The option to identify a contact person in the event the student is determined missing is in addition to identifying a general emergency contact person, but they can be the same individual for both purposes. A student's confidential contact information will be accessible only by authorized campus officials, and it will only be disclosed to law enforcement personnel in furtherance of a missing student investigation.

The preliminary investigation of a missing resident student report will be conducted by Student Housing Staff according to procedures outlined in the missing resident student policy. If all of the steps provided in the policy do not provide Student Housing Staff with an opportunity to speak with the missing on-campus student or to learn his/her whereabouts, the university police will be contacted to investigate further. Campus police are the primary investigators of non-resident missing student reports.

After investigating a missing person report, if it is determined that the student has been missing for 24 hours, the University will notify local police authorities unless it was local law enforcement that made the determination that the student is missing. If the missing student is under the age of 18 and is not emancipated, the University will also notify that student's custodial parent or legal guardian within 24 hours of the determination that the student is missing, in addition to notifying any additional contact person designated by the student.

Annual Fire Safety Report

Housing Facilities and Fire Safety Systems

The University maintains on-campus housing for its students. Below is a description of fire safety systems and the number of fire drills conducted during the previous calendar year.

Campus: Lawton Campus, 2800 W. Gore Blvd, Lawton, OK 73505

Facility	Fire Alarm Monitoring Done on Site	Partial Sprinkler System	Full Sprinkler System	Smoke Detection	Fire Extinguisher Devices	Evacuation Plans & Placards	Number of evacuation (fire) drills in previous calendar year

South Shepler Dormitory, 2800 W. Gore Blvd., Lawton, OK 73505	X		X	X	X	X	2

Policies on Portable Appliances, Smoking and Open Flames

Items with an open coil or flame are prohibited in housing (such as hot plates, and griddles). Small appliances with an automatic shut-off are allowed such as: coffeemakers (12 cups and under) and clothing irons. This list is not complete. If you have a questionable item, ask a Student Housing and Residence Life staff member. If a staff member finds a questionable item in your room upon any inspection, it may be confiscated for safety purposes. Toasters are permitted only in the Cameron Village apartments.

Open flames (including but not limited to candles, incense, open flames, and Scentsy) are prohibited in any Student Housing and Residence Life facility due to possible fire hazards. This rule includes decorative candles with burned or unburned wicks. Any candles or incense found in the resident's assigned unit may be confiscated by staff. This also includes candle warmers and scent pot burners.

Fire Evacuation Procedures

In the event of an actual fire or a drill, all residents are required to immediately evacuate the building. Follow the instructions of Public Safety Officers, fire-fighting personnel, Office of Public Safety staff, and/or Student Housing and Residence Life staff. Keep the following items in mind in the event of a fire:

1. Exit the building. Walk, do not run. Be particularly careful in staircases. Do not use elevators.
2. Proceed directly to a place of safety outside the building. Do not attempt to salvage personal belongings.
3. Close doors when you leave.
4. Before opening a closed door, check it to see if it is hot. When it is hot, attempt to find another exit route.
5. At all times, follow the instructions of personnel authorized to take charge at the scene of the emergency.
6. Do not re-enter the building until given the all clear by fire-fighting personnel, Office of Public Safety staff, or Student Housing and Residence Life staff.

Fire Education and Training Programs

Student Housing and Residence Life may hold fire drills to acquaint the residents with fire evacuation procedures. All residents and guests should follow directions during the drills. Failure to evacuate the building may result in disciplinary action. Resident Assistants are provided training at the beginning of the semester on fire safety as well.

Reporting Fires

The University is required to disclose each year statistical data on all fires that occurred in on-campus student housing. When a fire alarm is pulled and/or the fire department responds to a fire, these incidents are captured. If you encounter a fire that presents an emergency situation, ensure your own safety and then please call 911.

There may also be instances when a fire is extinguished quickly and an alarm is not pulled or a response by the fire department was not necessary. It is important that these incidents be recorded as well. Therefore, if you are aware of such a fire, see evidence of one or hear about one on either the Lawton or Duncan Campus, you should contact the Office of Public Safety at (580) 581-2911. When providing notification of a fire, give as much information as possible about the location, date, time and cause of the fire.

Plans for Future Improvements

The University periodically reviews its fire safety protections and procedures. At this time, it has no plans for future improvements.
